FLOAT IT FISH IT FIX IT

Upcoming Events

Winter 2009

Clean Up the River Environment

1-877-269-2873

“Community Wealth” Lunch Talks

Wednesdays in January from noon to 1 p.m. at the new CURE Office

We'll order lunch delivered from Main Street Montevideo Restaurants

You come to chat with CURE Staff & Area Community Members.

We'll discuss Clean Water, Clean Energy, Outdoor Adventures, River History, Local Food and Tourism and whatever else comes up!

We'll show you how our new “Smart Board” works and how it can be used to enhance everyone's ability to communicate, teach and learn.

We are the Main Street Campus for the Minnesota River School
Teachers and Students are welcome! *Tuition is Free!*

Our New Storefront Office is Open!

Our New Mailing Address is:

117 South 1st Street, Montevideo, MN 56265.

Come see us soon!

CURE Travelogue Presentation:

Chaska to York Factory in 49 Days

The Canoe Voyage of Sean Bloomfield and Colton Witte

Thursday, Jan 22, 7- 9 p.m.

Chippewa County Courthouse
Assembly Room, Montevideo MN

See the slides and hear stories from Sean Bloomfield and Colton Witte as they re-live their epic lightning speed journey up the Minnesota River and down the Red River to Hudson Bay in the Spring and Summer of 2008.

Everyone Welcome Free Admission Questions: 1-877-269-2873

Paddling Against the Current
Bloomfield & Witte

CURE Bridge Builder Gathering:

Local Energy Security

Roundtable Discussions

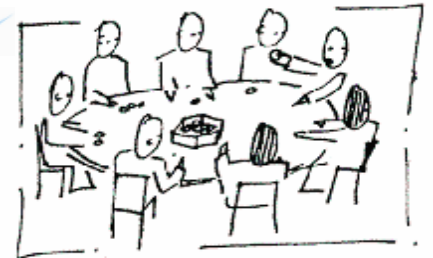

Small group discussions between reasonable people who say they disagree about Energy sources, Energy ownership and Energy conservation. Can we find common ground?

Thursday, Jan 29, 7- 9 p.m.

Wesley United Methodist Church
202 N 4th Street, Marshall, Minnesota

Everyone Welcome

Free Admission

Roundtable Participants include people from: CURE, SMSU, Marshall Utilities, Lyon Lincoln REC, Faith Community Representatives, Students and other Concerned Citizens

Questions: 1-877-269-2873

CURE Bridge Builder Gathering:

Industrial Sustainable Agriculture:

Can we Integrate Large Scale Production and Natural Resource Management?

Farmer and policy analyst Tim Gieseke of the Minnesota Project is promoting a new way to scale up precision conservation practices that work in harmony with production farming aimed at good yields.

CURE invites all farmers and state, federal and county level conservation professionals in the Upper Minnesota River Watershed to come and hear what he has to say and to discuss these ideas in small group settings.

Thursday, March 26, 7-9 p.m.

Kilowatt Center, Granite Falls

Everyone Welcome

Free Admission
